Boost Your Property With Good Roads Work for Them With the Development Association

From a perusal of the proceedings of the peace conference in London one might conclude that the Turkish delegation wants to balk and that the Balkan delegates want to do the Turkey trot.

Governor Wilson says he would like to walk to the capital to be inaugurated president. Well, we might easily name a number of other gentlemen who are in the same frame of mind.

Army women—by which term is meant the wives, daughters and sisters of officers of the army—favor the restoration of the canteen. It is certain that these women are equally as good and intelligent as those not connected with the army and that they are in a position to know a great deal more about the canteen and its effects. It is equally evident that they must be acquitted in advance of any desire to increase drunkenness and immorality among the soldiers, in the midst of whom they must live.

A DESERVED COMPLIMENT.
The late grand jury's report shows that during the year 1912 that the sum of \$5176.50 was collected by the clerk's office and paid into the county treasury.

When we consider that this is not a fee office, thousands of papers being filed and recorded for which no fee is paid, this showing confirms the truth of the great amount of work done in the clerk's office.

This office, according to the grand jury, is probably the one office that has more intricate details to attend to than any other county office or official. The clerk of the board of supervisors and of the Superior Court, has charge of all the detail work at each election, and three elections were held during the year 1912 which work requires efficiency and ability.

The report concludes by complimenting Clerk Nash on the excellent management of his office.

DON'T WORK A HOLE UP.

A petition to the board of supervisors has been widely circulated in the county this week, asking the board to take action in the matter of the disinterment and removal fees, which at the present time are excessive and prohibitive, being in the sum of \$10 each.

Particular reference is made to the \$3000 or 10,000 Chinese bodies in the county, which the Chinese wish to dig up and return to China. The Chinese Six Companies offer the county \$2.50 each and positively will not pay more, but will leave the bodies buried here.

By refusing this generous offer of \$20,000 or possibly more, the board of supervisors will make a very bad mistake. This money is not to the county with not one cent of expense to it.

All of the county papers and public opinion favor this proposition and so do Supervisors Brown and MacBain, and it is hoped that if this matter is brought up again the other members of the board will not throw away the thousands of dollars offered by our yellow friends.

City Bookkeeping.

A good number of cities do keep books correctly and publish fiscal statements that are at once inclusive, reasonably concise and intelligible. We know this because they have been sending us their balance sheets ever since we wrote something on the subject of blind, muddled municipal accounting over a month ago.

Why should not every city do it—presenting to the citizens a statement of income, outgo, debts and money on hand at least as comprehensive and easily understandable as that which every well-conducted public service corporation presents to its stockholders? Gross incompetence in city government and a desire to conceal the truth are the only reasons we can think of for any city's refusal to do so. Either reason should be sufficient to make citizens suspicious.

We notice the cities that have sent us their model balance sheets are all of middle or smaller size, and that almost every one of them is under a commission form of government. Indeed, almost every one of the letters contains a sentence which refers the beginning of intelligible accounting in that city to the time when the commission form of government was adopted.

Is there not a suggestion here for cities that have not adopted the commission form?—Saturday Evening Post.

Mr. and Mrs. O. S. Gray gave a children's party at their home on Broadway last Sunday in honor of the third anniversary of their little daughter, Elmina. A large number of children were present and enjoyed the palatable refreshments that were served. Each little tot was given a present and all went away with beaming faces wreathed in smiles and fond recollections of the happy occasion.

Jolly Uncle Josh

A Real Live Romance in Which Local Business Men are Leading Characters

"Miss Summers—Polly—I-I—er—dare I—" But the speaker took a header over bashfulness, only to hear a sweet "Yes, Charley."

"Can I aspire to—er—to—that is—" Again a lapse into silence, followed by an encouraging "Yes, Charley."

"Oh, if I might only hope to—er—to—" Another failure of language. It was seemingly a hopeless case, and might have been, only for a demure—

"Charley, I have said 'yes' twice, and if you mean it, I mean it, too, and—"

And to this day that young man will insist that he popped the question. All this happened away "down east," and it wasn't long before there was a wedding. Not much longer before there came a letter from Polly's Uncle Josh, out here in California, who wrote effusively of his delight at her exhibition of what he called "gift."

And he proposed that if the young people would locate at Redwood City he would start them up in life as a wedding gift. Of course they accepted, and were soon bidding their friends adieu.

The first of this week a travel-stained party arrived in Redwood City. Our friend, Uncle Josh, was in charge, and he led the party straightway to a hotel. "The Tremont Hotel," said he, "is a typical American hotel of the best class. I have known E. Larsen, the proprietor, for years, and he is mine host after mine own heart, endowed with that delightful intuition that a guest feel at home, contented, and in mighty good luck. While the cuisine is all that a superior chef and unlimited orders on the market can make it. I have engaged rooms here until our own house is in readiness."

"After breakfast," said the old man, "I am ready to go buy your outfit. To expedite matters I have ordered a carriage from T. M. Flynn, our enterprising livery man." When the handsome carriage with elaborate trappings and prancing horses drew up in front of the hotel, Polly declared it the "finest turnout she had ever seen."

"Yes, Sir," replied Uncle Josh. "The three S's, 'Speed, Safety and Style,' is Flynn's coat of Arms. So, young folks, when you want to take a drive, either for business or pleasure, go to him for a rig every time. His wedding, party and funeral equipments are unsurpassed."

"Where to?" asked the polite driver, as the trio entered the conveyance. Uncle Josh looked askance at his wards.

"Oh, goodness knows; there's lots to buy," remarked Polly. "I suppose we buy 'lots' first," thought Charley, without turning a hair. Uncle Josh saw the point and started for Read-Deleau real estate office, remarking on the way: "I can always depend on Read-Deleau for bargains in real estate, as they never hold out false lights to induce people to buy. What they tell you about property may be set down as solid facts. They control a large list of desirable residences, as well as ranch properties, and their judgment on the 'good things' is par excellence."

The party was not long in making a detour for a nice house in Redwood City and a ranch which Charley considered a splendid investment.

EPISCOPAL LADIES WILL GIVE MARDI GRAS BALL

The mardi gras ball to be given by the Episcopal ladies and their friends at the Woman's club hall next Tuesday evening, promises to be a great success. About 200 announcements have been sent out and the tickets are being sold rapidly as every one seems anxious to attend. Arrangements have been made with costumed in San Francisco to send down as many costumes and dominoes as are needed. Mrs. Crabtree and Mrs. Beeger will be glad to take orders for them.

Dancing will start at 8 o'clock sharp and continue until 9 when the company will join in couples for the grand march. After this, dancing and card-playing will continue until 11:30 when the unmasking will take place. Supper will be served at 11:45. A dainty menu has been promised and no one should miss the good time that is in store for all who attend.

Arrangements are completed for the Masquerade Ball which the Episcopal Ladies are to give at the Woman's Club House on next Tuesday night. Costumes from San Francisco can be seen Monday and Tuesday at Lamb's Store. Prizes will be awarded for handsomest costume of lady and gentleman. Procure tickets at Lipmans before coming.

Mr. and Mrs. George Holden were tendered a delightful surprise at their pretty home on Webster street last Saturday afternoon in honor of the twenty-fifth anniversary of their marriage. Mrs. Holden was the recipient of numerous gifts of silverware. Thirty persons were present and enjoyed the afternoon that was spent in playing cards, social converse and the serving of dainty refreshments. The occasion was an enjoyable one. Mr. and Mrs. Holden received the heart felicitations of all present.

O. S. Gray has bought the interest of Kirk Andrews in the Enterprise Bakery on Broadway. Mr. Andrews had charge of the delivery department of the concern and hereafter that portion of the business will be done by Mr. Gray.

Fred E. Cunningham, the mayor of South San Francisco, was a visitor to the county seat Wednesday. Fred has many friends in this city who are always glad to see him.

Mr. J. Nichols, a prominent traveling salesman for a San Francisco whole sale house, has purchased lot 10, block 10, in Dingee Park from George Donnelly and will erect a fine home on the property during the coming spring. Mr. Nichols at present resides at San Rafael.

CONTROLLER'S DEPARTMENT

To the Tax Collector of the County of San Mateo, State of California:

Whereas, on various dates, there were filed and recorded in the Controller's Office of the County of San Mateo, certain deeds conveying to the people of the State of California, the title to those certain lots and parcels of land hereinafter described, and all charges levied and assessed against said property for the years 1906, 1907, 1908, 1909, 1910, 1911, 1912, and 1913, and no redemption, according to law, has been made of said property, any interest thereon.

Now, Therefore, in pursuance of the law, and in accordance with the provisions of Section 3697, Political Code, as amended March 19, 1911, A. B. Nye, Controller of the State of California, by virtue of the authority in me vested by the laws of this State, do by these presents and direct, to sell at public auction, in separate lots or parcels, the property hereinafter described, in the manner following: Public notice shall first be given of such sale by publication for at least three consecutive weeks in some newspaper published in the county, or city and county, or if there be no newspaper published therein, then by posting a notice in three conspicuous places in the county, or city and county, one of which shall be at the United States post office nearest the land, in addition to a notice conspicuously posted on the land itself for the same period, which notice must state specifically the place of, and the day and hour of sale, and shall contain a description of the property to be sold and shall also embody a copy of the laws of this State, State of California, governing and particularly describing the sale of such property.

Property sold to the State June 24, 1907 for taxes of 1906.

Lots 10, 11, Bk 1, ss. Map of Brophy's Sub. of Miramonte Tract. Sold to the State June 24, 1907. Deed No. 148.

That no bid shall be received or accepted at such sale for less than the amount of all the taxes levied upon such property, and all costs and penalties for every year delinquent, as shown by the delinquent rolls for said years to the date of the execution of the deed to the State, and all expenses accrued to the date of the sale, under this section, together with interest at seven per cent per annum from the first day of July following the delinquency in each of said years to the date of the sale hereunder, computed upon the aggregate amount of such delinquent taxes, penalties, and costs.

That said sale shall be conducted in all respects as by law governing such sales. Given under my hand and seal of office, at Sacramento, this 28th day of January, A. D. 1913.

A. B. NYE, Controller.

Therefore, in pursuance of law, public notice is hereby given that I will, on Monday the 3rd day of March, 1913, at the hour of 10 o'clock A. M., in my office, in the Court house, at Redwood City, County of San Mateo, State of California, sell in separate parcels, at public auction, to the highest bidder, for cash in lawful money of the United States, the said property hereinafter in said Controller's authorization described, which authorization is hereby made a part of this notice, to-wit:

SUPERVISORS LAY OUT ROAD PLANS

MODERN SYSTEM OF DRIVE-
WAYS TO BE CONSTRUCTED
BY TAXPAYERS.

Commission Will Be Appointed to
Carry Out the Work Which Will
Be of Best Quality.

The Board of Supervisors held an
adjourned session Monday, the
greater part of which was devoted
to a discussion of the proposed sys-
tem of county roads and bond issue.
The following members were pres-
ent: Wm. H. Brown, presiding, D.
E. Blackburn, Jos. M. Francis and
John MacBain.

The reports of Surveyor Neuman,
Assistant Engineer Morton and the
advisory board were taken up and
after careful consideration the
routes of the different roads were
finally agreed upon with the ma-
terial of which they are to be con-
structed.

The Bay Shore road is to be built
along the present road from the
San Francisco city limits to the
northerly city limits of South San
Francisco, with an asphalt surface
sixteen feet in width, and with four-
foot macadam shoulders; asphaltic
surface to have a concrete base five
inches in depth.

Through South San Francisco the
road will be built along San Bruno
avenue to Baden avenue, thence
along Baden avenue to Linden ave-
nue, thence along Linden avenue
and the extension thereof across the
marsh to solid ground; thence to the
left crossing the Southern Pacific
railroad at right angles to the pres-
ent San Bruno road; thence along
the San Bruno road to the south-
erly city limits of South San Fran-
cisco. This portion of the road is
to be paved for a width of twenty
feet with a five-inch concrete base
and asphalt wearing surface.

From the southerly limits of
South San Francisco along the San
Bruno road to the main County road
at Uncle Tom's Cabin, the road is
to be paved to a width of sixteen
feet with a five-inch concrete base
and asphalt wearing surface, and
four-foot macadam shoulders.

Colma to Halfmoon Bay—This
road is to be constructed along
the lines as laid out by the Coun-
ty Surveyor. The portion of the
road from Mission road through Col-
ma to Thornton's residence is to
be paved with concrete base and
asphaltic wearing surface for a width
twenty-four feet.

From Thornton's residence to the
foot of the San Pedro mountain, and
from the southerly foot of the San
Pedro mountain to Miramar it will
be paved for a width of ten feet
with asphalt and have three-foot
macadam shoulders. That portion
of the road over San Pedro moun-
tain to be macadamized for a width
of sixteen feet. From Miramar
south to Halfmoon Bay the road is
to be constructed fourteen feet wide
with asphalt and have three-foot
macadam shoulders.

Halfmoon Bay to Pescadero—That
portion of the road from Halfmoon
Bay to Tunitas and from Tunitas to
San Gregorio is to be built along
the line of survey formerly adopted,
and to be a fourteen-foot macadam
road.

From San Gregorio south to top
of the Tom Moore hill the road is
to be built along the line of sur-
vey formerly adopted, and from the
top of Tom Moore's hill south on a
5 per cent grade to the foot of the
mountain; thence along the old road
to Pescadero, and to be a four-
teen-foot macadam road.

Pescadero to county line—To be a
dirt road graded and drained to a
width of sixteen feet along the line
of the survey established.

Hillsborough to Halfmoon Bay—
That portion of the road from Hills-
borough to the Lakes causeway to
be built over the route as shown
by the alternate line surveyed by
the County Surveyor, and to be con-
structed with asphaltic surfacing
sixteen feet wide, protected with
rock shoulders.

That portion of the route across
the causeway and to the top of
the mountain to be built over the
new route as shown by the alternate
line surveyed by the County Survey-
or, and to be a macadam road fif-
teen feet in width, six inches deep,
and to be built of Byrnes' rock.

From the top of the mountain to
the Herling Bridge, reconstruct the
present road, cutting down steep
pitches and build macadam road fif-
teen feet in width.

From the Herling bridge to Half-
moon Bay the road to be construct-
ed along the present right of way,
cutting out unnecessary grades and
sharp turns, with ten-foot asphalt
surface laid on macadam base, with
three-foot macadam shoulders.

Redwood City to San Gregorio—
From San Gregorio to the town-
ship line dividing the third and
fifth townships the road is to
be built along the present route for a
width of fourteen feet, using creek
gravel spread to a depth of six
inches and constructing a Tel-
ford base where necessary.

From the township line to the
residence of B. D. Weeks the old
road is to be used with the ex-
ception of eliminating sharp turns
and constructing an even grade, the
road to be built fourteen feet wide,
using gravel or macadam as found
most convenient.

From B. D. Weeks' residence to
Woodside road, follow line of sur-
vey known as the Gilbert survey, as
closely as possible, excepting detours
necessary on the Folger property, to
be a fourteen-foot macadam road.

From Woodside to Redwood City
the road is to be constructed six-
teen feet wide with an asphalt
wearing surface on a macadam
base.

Menlo Park to Woodside—That
portion of the road from Menlo
Park to the Stanford bridge, to
have an asphalt wearing surface
on a macadam base ten feet in
width with three-foot macadam
shoulders.

From the Stanford bridge the
road is to be continued through
Portola to connect with the Wood-
side-San Gregorio road, and to be of
macadam sixteen feet wide. The
road is to be constructed along the
present route, except where pres-
ent road leaves the county, this por-
tion is to be constructed on a line
established by a survey as shown
in the County Surveyor's office.

Middlefield road—The Middle-
field road from the Redwood City
limits to the San Francisco city limits
to be a sixteen-foot asphalt road on
a macadam base.

Through the city limits of San
Mateo, Hillsborough, and Redwood
City—Asphaltic surface on a five-
inch concrete base for a width of
twenty-four feet with seven and one-
half-foot macadam shoulders. Sur-
veyor Neuman stated that he
would proceed at once to prepare es-
timates for the proposed work which
would be ready in two weeks. It
would take a longer time to as-
certain the cost of a new road
across the mountain from Wood-
side.

Blackburn moved that it be the
sense of the board that a commit-
tee of five, one member from each
road district, have charge of the
road building in the event of the
success of the bond election. He
was seconded by MacBain and the
motion carried.

A resolution was adopted author-
izing the District Attorney to em-
ploy legal assistance in preparing
for the bond election.

Four resolutions were received
from the Grand Jury for the board's
consideration as follows: A recom-
mendation that the board investigate
the county jail as to the treat-
ment of prisoners; that advertis-
ing signs on the county roads be
abolished, except those giving in-
formation as to roads and distances;
that a wind-break be constructed
at the county hospital; that a
more itemized list of claims passed
by the board be published.

The chairman appointed a com-
mittee of three, consisting of Mac-
Bain, Francis and Blackburn to re-
port on the resolutions.

The clerk was authorized to pur-
chase 10,000 stamps for use dur-
ing the bond election.

An ordinance granting an electric
franchise to J. J. Gomes of the
Halfmoon Bay Light and Power
Company was adopted on motion of
Blackburn, seconded by Francis.

Adjourned to Monday, February
3d, the date of the regular meet-
ing.

ROADS, MATERIALS AND ROAD- WAYS ADOPTED BY THE BOARD OF SUPERVISORS FOR HIGHWAYS TO BE BUILT UNDER THE ROAD BOND ISSUE.

for a width of 24 ft. with 7 1/2 ft. macadam
shoulders.

EVERY WOMAN'S CORNER
Household Suggestions
By Mrs. Clarence Haydock.

Fish Chowders—Take six slices of
pickled pork and fry in a good sized
dinner pot, turning the slices un-
til they are brown on both sides.
Take out the slices, leaving the
drippings in the pot. Take seven
pounds of preferred fish and cut in-
to two-inch pieces. Place in pot
on drippings as many pieces of fish
as will cover the bottom of the
pot. Sprinkle over the fish three
tablespoons of salt and cut out
handfuls of onions, leaving the
drippings in the pot. Let boil slowly thirty
minutes, or until the onions are
done. Then pour in one quart of
cider and one tumblerful of port
wine, at the same time adding
two pounds of sea biscuits which
have been soaked for a few min-
utes in water. Stir the whole with
a long spoon, then boil steadily for
five minutes, when the chowder is
ready for the table. Do not boil
potatoes in the chowder. If
you want potatoes, boil them in
a separate pot and serve in a
separate dish.

Cream of Celery Soup—Take the
roots and tops of one-half head of
celery, wash and boil with a small
onion in one pint of water for
twenty minutes. Put through a
sieve. To this liquor add one
quart of milk, a dash of cayenne
pepper, one-half teaspoonful of
salt, a piece of butter the size of a
walnut. Bring to a boil and thicken
with a tablespoonful of corn
starch. Beat one-half cup of cream
till stiff and turn soup on it.

Cream of Carrot Soup—Wash
and scrub three medium sized car-
rots, slice them thinly. Place in
a saucepan with one cup of water,
one tablespoonful of butter, one
slice of onion, and a small bay leaf.
Cover closely and let simmer until
tender. Rub through a strainer,
reserving the water in which the
carrots were cooked. Add the
strained carrots and the hot water
together. Return it to the fire.
When thick, add one cup of hot
water; put one and one-half ta-
blespoonfuls of butter into a small
pan. When hot, add the same
amount of flour and stir until
smooth. Add this to the carrot
mixture, stirring constantly un-
til thickened. Add to this one ta-
blespoonful of salt, one cup of hot
milk, and one-half cup of cream.
Milk may be used entirely, but the
soup is made richer by the addition
of the cream.

BOYS' CLUB IS GRATEFUL FOR PUBLIC ASSISTANCE.

The members of the Redwood
City Boys' Club wish to heartily
thank the residents of this town
for their support in making their
benefit at the Bell Theatre Tues-
day night a success. The money thus
secured is to be used in paying
the debts incident to organiz-
ing and for securing lights in the
club room.

The boys feel encouraged because
the people of the town have shown
an interest in their work and they
hope to "make good" and at some
future time to give the friends of
the club something better for their
money.

The club also wishes to public-
ly thank Mr. Nathorst for the
use of the Bell theatre.

The club members have issued a
denial of the story that they are
in any way opposed to the boy
scouts. Their club is for boys over
16 years of age who have no in-
terest in scouting. They extend
good wishes to the scout movement
which is needed in this city.

THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished. We read in His Word that He is wise and that He is good. We know that He is willing to do for His children that are earthly parents for theirs, and we know how much that means; yet of tentacles it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS HAD A PURPOSE IN ALLOWING SIN AND DEATH TO REIGN THESE SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

In English, German, Swedish, Dane, Norwegian, Italian, French, Greek, Hungarian, Spanish, Polish, Hollandish, Finnish, (Syria and Turko-Armenian in preparation.)

10 SPIRITISM SAID TO BE DEMONISM.

A most interesting little brochure has recently come off the press setting forth with Bible proofs that the communications received by and through Spiritist Mediums is of Demon origin. The writer traces his subject through the Scriptures from the time when certain of the holy angels became disobedient. He proves from the Scriptures that these fallen spirits perverted the human mind, with whose past history, spirit, though invisible, are thoroughly acquainted. He shows that they also frequently personate the Creator and the Redeemer, commanding their deceived ones to pray, do penance, etc. This, however, is merely to lead them on and to bring them more thoroughly under demonic control. Sometimes by breaking down the natural barrier, the human will, they possess their victim, and rule him more or less to his ruin—frequently sending such to the mad-house. Numerous illustrations, Scriptural and otherwise, are given. The price of the little book is but five cents; it should be in the hands of all interested in Spiritism or who have friends interested therein. 1 THE GOLDEN AGE AT HAND.

Scriptural Evidence That Are Astonishing—No One Can Afford to Be Without the Knowledge.
We do our friends a valuable service when we call their attention to the valuable book entitled, "THE TIME IS AT HAND," in which are given many Scriptural evidences to prove where we are on the stream of time.

"Men's hearts are failing them for fear" and many of the leading thinkers are proposing remedies to better conditions. The Scriptures assure us that man's extremity will be God's opportunity, and this book holds out an anchor to those who fear the wave of unrest now spreading over the world.

The honest heart confesses that it is at a loss for an explanation of transpiring events. While we refer to this as the BRAIN AGE and the AGE OF ENLIGHTENMENT, nevertheless, less many realize that we are fast approaching a crisis which is wrapped in darkness owing to the present world-wide social, religious and political unrest.

Send 35 cents at once for the book. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Will Be Tried Here.

Rev. Frank Horn, former pastor of the First Baptist church of Richmond who has been arrested on the complaint of his wife, Mrs. Eva Mae Metz do Torrea, charging him with bigamy, is in jail in Contra Costa county and in all probability will be taken to this county for trial as his wife alleges that he was married to her in this city in September, 1910, while he still had a wife in Washington.

Yesterday afternoon Mrs. Torrea called on District Attorney Swart and swore to a complaint charging Horn with bigamy.

Horn, who has been repudiated by his church people denies the charge, claiming that a twin brother, who resembles him closely, is responsible for his trouble. He has been unable to secure bonds. In talking of his troubles the accused minister said:

"I shall prove my innocence before all the world," he said, "I may not be able to find my twin brother, but I trust to God's goodness not to let an innocent man be convicted of something with which he has had no connection. I shall show those 'Christian' people of Richmond how black they have been and how unloyally they have acted toward me."

Mrs. Torrea is positive that Horn is her husband and will prove her statement by witnesses.

CORPS OFFICERS INSTALLED BY NATIONAL PRESIDENT

The officers of Gen. George S. Evans W. R. C. were installed by the National President, Mrs. Gertrude E. Frisbie, last Friday afternoon. The impressive ceremony was witnessed by a large attendance of the corps, the local G. A. R. post and a delegation from McKinley post and corps of Palo Alto. The following are the new officers: President—Mary E. Read. Sr. Vice-President—Angelina Zimmerman. Jr. Vice-President—Hattie Kirtle. Secretary—Emma J. Winter. Treasurer—Augusta Geary. Chaplain—Harriet M. Nichols. Conductor—Mary Winter. Assistant Conductor—Mollie Rice. Assistant Guard—Ellen Mero. Patriotic Instructor—Lydia Brown. Press Correspondent—Nettie Kinne. Musician—Della Jamison. Color Bearers—Mamie Glennan, Nora Hahir, Agnes Coleman and Helena Flynn.

The retiring president, Martha George, was presented with a past president's jewel, and the guard, Mrs. Hess, and the musician, Mrs. Jamieson, were also given emblematic gold pins in recognition of their services. The National President was the recipient of a beautiful bouquet of carnations, and many speeches were made by the officers and visitors on the beautiful rendition of the installation work. Refreshments were served at the close of the meeting.

At the next meeting the corps will celebrate Lincoln's birthday, the following committee having been given the heavy support: Alice Mansfield, Eileen Finkler and Nettie Kinne.

San Mateo Girl Weds.

Word has been received from Bakerville that Miss Gertrude Coleman, youngest daughter of Thomas Coleman of this city, and John Wall were quietly married on January 20. Immediately after the ceremony the happy couple left for Mexico, their future home.

Wedding, although very quiet, was most novel, as it was a triple wedding, two of Miss Coleman's chums being married at the same time as she.

Mr. and Mrs. Wall have the best wishes of many friends here for a long and happy life. The bride spent her girlhood in San Mateo and later trained in St. Mary's hospital, San Francisco. Since her graduation she has carried on the calling of her profession in Los Angeles and in Maricopa, where she was the head of a hospital. While there she met Mr. Wall and the romance with its happy ending was enacted.

EPISCOPAL LADIES WILL GIVE MARDI GRAS BALL

The mardis gras ball to be given by the Episcopal ladies and their friends at the Woman's club hall next Tuesday evening, promises to be a great success. About 200 announcements have been sent out and the tickets are being sold rapidly as every one seems anxious to attend. Arrangements have been made with costumed in San Francisco to send down as many costumes and dominoes as are needed. Mrs. Crabtree and Mrs. Beeger will be glad to take orders for them.

Dancing will start at 8 o'clock sharp and continue until 9 when the company will join in couples for the grand march. After this, dancing and card playing will continue until 11:30 when the unmasking will take place. Supper will be served at 11:45. A dainty menu has been promised and no one should miss the good time that is in store for all who attend.

The annual ball of Redwood Parlor of Native Sons will be given at the Alhambra Saturday evening. This will be the last dance before Lent—the last opportunity of the young people to enjoy themselves until after Easter. In anticipation of the long season of social inactivity the members of the parlor are making every effort to give the younger set a most enjoyable evening. The ball will be fine music, attentive floor managers and many other pleasant features. The public is cordially invited to attend.

CONGREGATIONAL CHURCH SERVICE

Services of the Congregational church Sunday will be as follows: At 10 a. m., Sunday school; 11 o'clock, morning service, subject of sermon, "What is a Christian Life;" 6:30 p. m., Christian Endeavor meeting; 7:30 evening service, topic, "The Ten Virgins." The public is cordially invited.

PARK COMMISSION WILL PLANT MORE SHADE TREES

The Redwood City Park Commission announces that it is now nearly ready to start this season's course of street beautification by a continuation of its last year's policy of planting ornamental trees along the parking spaces of the streets.

The members of this commission have been working earnestly and faithfully on this matter for some time past, as it has been their desire, in so far as was possible, to consult the individual property owners affected by the improvement along this line and to gain their personal views on this subject.

This however, regardless of their best efforts, is an almost impossible thing to do in a certain given time and necessarily there will be a few who, although they will have received notification of the proposed work, cannot be seen personally.

It is the hope of the park commission that no one will feel slighted because he or she has not been called upon in person relative to this work as they are doing all that is possible to this end, and they respectfully request that those from whom they have not yet heard forward their sanction of this proposed work to the secretary of the commission.

This method of street improvement has proven to be of great benefit in every community where it has been given a trial and it should be given the hearty support of all the residents and property owners of this city as it is a direct improvement to the individual property as well as a general improvement of the community.

The streets to which the commission will devote itself this season are as follows: Howland, Standish, Hopkins, Samson, Alden, Fuller, Bradford, East Bradford, Marshall, East Marshall, Winslow, Hamilton, Webster, Washington, Jefferson, Jackson, Madison, Franklin, Maple, Cassia, Heller, Elm, Beech, Cedar, Chesnut, Pine, Buckeye, Spruce, Arch, Birch, Clinton, Brewster, and those streets in Wellesley Park adjacent to the Crescent.

MERCHANTS WILL HAVE COMPLETE CREDIT GUIDE.

The Merchants' Mercantile Company of Sacramento is preparing to publish a credit guide for this district, including San Mateo county. By this system merchants will be put in direct touch with credit conditions all over the United States, and whenever anyone moves from any part of the country the merchants here will be at once posted through this company as to how the party paid his bills where he lived formerly.

The credit guides are made up in districts covering nearly every state in the Union. They are made from the combined experience of all the merchants in each of the districts, and every merchant rates his own customers according to how they have paid him. Before a customer is rated he is given notice by letter that he will be rated and is given a chance to pay up his old accounts and thus secure a good rating.

Each merchant and professional man is furnished with a copy of the guide, so that he may refer to it and look up the rating of any customer or prospective customer before giving him credit.

DRUNK, EXCHANGED SHOES; NOT GUILTY OF THEFT.

When a man takes something that doesn't belong to him worth \$2, and leave a similar article behind worth four times that much, he's not guilty of deliberate larceny. He's just a drunk, pickled, stewed, jagged, lit up—drunk, such, at least, is the opinion of Justice of the Peace H. W. Lampkin, an opinion he expressed tersely when Harry Bertram, an electrician wearing a rather dilapidated pair of shoes, was brought before him Monday, charged with larceny.

"I want my own shoes, Judge, your honor," Pleaded Bertram. "These shoes are no good and they hurt my feet."

Bertram's own shoes were produced. They were nice, new, shiny patent leathers. He was accused of leaving them in the Del Monte Hotel and walking out with a pair belonging to some one else.

"Your honor," pleaded Bertram, "I ask you as man to man, would any one steal shoes like these I've got on and leave those shoes of mine? I was just taking a bath, your honor, and put these on by mistake."

"A bath wasn't the only thing you'd been taking," sagely commented the judge. "Larceny case dismissed. Go back to jail and sober up."

RECLAMATION OF WATER FRONT IS UNDER WAY.

A. W. Pioda, accompanied by Harris E. Rowe, also a civil engineer from Watsonville, begun the work yesterday of surveying the water front property owned by the Redwood City Harbor Company. Their work will provide for reclamation dikes, a good wagon road from the end of Chestnut street to a point near the codfishery, the continuation of the spurtrack to the same point and cutting up of the tract into smaller holdings. The surveying will be completed in two weeks after which maps will be prepared and the work of improving the property will at once begin under the supervision of Messrs. Pioda and Rowe.

Frances, the little daughter of Mr. and Mrs. Daniel Flynn, who was operated on at the Peninsula hospital, Palo Alto, for internal trouble has been returned to her home entirely recovered. The operation was performed by Dr. Ross of this city and Dr. Williams of Palo Alto.

LET THE VOTE BE UNANIMOUS.

On April 1 the voters of this county will be asked to go to the polls and vote for the good roads bonds. It is to be sincerely hoped that the will of the people will be expressed in a unanimous "yes."

The passage of these bonds is a matter of vital importance to the people of this county and to San Francisco as well. The peninsula is the driveway to San Francisco, the only land approach. All residents and taxpayers of this county should therefore take an active interest in the campaign so that a record vote may be brought out.

The good roads on the peninsula mean the development of one of the most beautiful countries of the world for homes and gardens. The climate is ideal and the soil rich and easily cultivated. The country is populated by a progressive people and only poor roads have at San Mateo county behind the other residential communities around the bay.

The automobile and auto truck are the most important factors next to railways in the developing of a community in these modern times. Good roads are absolutely essential if these factors are to be utilized in the building up of San Mateo county.

Along the shore of the bay and ocean lie the potentialities for the greatest vegetable farms in the world. The products of those already developed are being sought in of the United States. The finest artichokes grown are shipped from the markets of the great cities of the ocean shore farms to New York. They are served on the tables of the best hotels and residences.

Good roads and auto trucks mean the development of this industry.

Upon sunny slopes and hilltops overlooking a panorama of bay and ocean are the sites for the finest residences in the world. Nowhere else in this country, not excepting the White Mountains of New Hampshire or the famed Adirondacks, are conditions so favorable for colonization by the wealthy. Along the ocean shore there will be built villas that will not be surpassed in comfort or picturesqueness by the houses and castles on the Mediterranean.

Good roads and the automobile will develop this.

By the time of the Exposition when the great armies of tourists and members of the wealthy leisure and investor classes will come here, we should have here, adjoining the metropolis, a great flourishing garden—the show place of the west.

Good roads combined with the progressive spirit which prompts the people to secure them will accomplish this.

This bond issue, then, means the bringing of the peninsula and the beautiful country between bay and ocean close to San Francisco. It means the opening up of a fertile land with a wonderful climate, its development into a series of gardens and of artistic homes—a land dotted with flourishing and picturesque home cities linked together with smooth roads and girded with great scenic drives, an all-the-year-round holiday place for motorists that will find no rival in the world.

All this means prosperity for the residents of San Mateo county—in increased land values, greater productivity in crops, increased productivity, higher wages, greater comfort for all.

It must be remembered that the psychological moment to attract the attention of the world will come at the opening of the Panama Exposition. The importance of good roads as a magnet should be fully realized by every voter.

ASSEMBLYMAN BROWN AIMS AT GARBAGE MEN.

To prevent San Francisco from dumping her garbage in this county, Assemblyman Henry Ward Brown has introduced a bill that will force every man hauling refuse from San Francisco and over the Mission-street viaduct into San Mateo county to first secure a permit from the supervisors of this county.

The idea is that San Mateo county should not be made a dumping ground, but that all refuse from the city should be sent out that way only if the supervisors and health officers rule it is proper. The bill, if enacted, will force the truck gardeners to secure permits before hauling away refuse from the city.

CITY COUNCIL ADOPTS MUZZLING ORDINANCE.

Evidences of rabies among the dogs of town have been discovered and several animals have been shot. Health Officer Ross has had the heads examined and unmistakable evidences of the dread disease have been found—in some cases very pronounced. Tuesday evening the city council held a special meeting and adopted an ordinance requiring that dogs be muzzled. The ordinance is published in this issue of the Democrat. Every dog owner should read it.

Murderous Lunatic at Large

Edward Delaney, the crank who wantonly killed Young Riley Bale at San Mateo a year ago and was confined at Agnews, made his escape early last week and despite the vigilance of the officers of the peninsula is still at large. Delaney was found guilty of murder in the first degree and was sent to San Quentin for life. The prison authorities pronounced him crazy and had him transferred to Agnews. He is a dangerous crank.

Mrs. Mary J. Bullock, the mother of Joseph J. Bullock, passed away at her home in Santa Clara on Wednesday of last week. The deceased had been an esteemed resident of Santa Clara for thirty-five years. Her husband died recently.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

Geese are popularly supposed to be symbols of all that is foolish. This old adage was aptly demonstrated before Judge Davis, a jury and a crowded courtroom of spectators last Wednesday. The two exhibits in the case, a goose and a gander, were not produced in evidence and it was hinted rather strongly that bailiff Scholeoff was to be regaled with a somewhat epicurean and served as the leading item of a menu. A jury composed of ten tried and true men spent a considerable time listening to the evidence, the pleadings of the lawyers and the charge of the court and then rendered a verdict for the defendant, Prosper Bon, finding that he did not maliciously as was charged in the complaint, shoot the geese. Bon admitted the killing, but claimed that it was done in defence of his little son, whom he was endeavoring to protect from injury, and it seems that the jury viewed the matter in that light. After the entering of the verdict of not guilty, William Wheeler, the complaining witness in the case, made a new complaint charging Bon with discharging firearms on the public highway. To this complaint Bon pleaded guilty and paid a fine. And thus ends the story of two foolish geese.

Mrs. J. A. Sherman has been seriously indisposed during the past week. A painful abscess, however, has yielded to treatment and now a speedy recovery is assured.

The Yeomen will hold their annual banquet at Green's hall on February 4th at 7:30. All members, relatives and friends are invited to participate.

Mrs. W. C. Henry received a telegram Thursday from Martinez announcing the death of her brother and left to attend the funeral. While the deceased had not been in the best of health, his death was not anticipated and the news came as a shock to his relatives.

The San Bruno drug store, a long felt want, is now a reality and C. A. Bacon, the proprietor, will be pleased to meet everyone and do his best to accommodate the public.

Born in San Bruno, January 29th, to the wife of C. G. Adams, twins—both girls. Carl, the father, is the proudest man in town, and why not? In the history making of San Bruno the Adams girls will always have the distinction of being the first twins born in the town, and, of course, everybody is proud of the twins and ready to extend congratulations. Dr. Bohn, from a professional and neighborly standpoint, is also pleased at the successful advent of the new arrivals.

As William Wheeler and his daughter were driving along San Mateo avenue, between the Harmonie Club building and Green's hall Wednesday evening about 5 o'clock, the big auto truck belonging to McRorie & McLaurie of the San Mateo Nursery, running at full speed bore down on the rig driven by Mr. Wheeler and collided with such force that the buggy was completely demolished. Mr. Wheeler and his daughter escaped injury, although the latter was thrown by the force of the collision about 30 feet.

SOUTH SAN FRANCISCO.

The city council of South San Francisco has ordered the purchase of 1000 elm and 5000 eucalyptus trees for planting upon the city streets. This will be but the beginning of the spring campaign, as it is announced that a little later a considerable number of palms will be ordered.

E. J. Mullen, formerly a resident of Tuolumne county, has purchased the blacksmith business formerly conducted by B. Gonzales and with his family has permanently located in this city.

The city council is considering an ordinance which will prohibit smoking in theatres, public halls and street cars in the city.

SAN MATEO AND BURLINGAME.

It is stated that C. Templeton Crocker has completed plans for rebuilding his mansion at Uplands at a cost of \$500,000. Italian Villa style is said to have been decided on.

A. F. Ludemann has sold his extensive nursery business at Millbrae to the McRorie-McLaurie Company of San Mateo. Mr. Ludemann will remain in charge of the nurseries as superintendent.

On Thursday afternoon of last week a number of the members of the Burlingame Woman's Club visited the county hospital and entertained the patients with an interesting program of songs, music and recitations. The ladies inspected the place and complimented Superintendent and Mrs. Ford upon the excellent conditions found.

FROM THE COAST SIDE.

Albert Brewster of Montara has on his place a number of logan berries which have shown a remarkable growth. Some of the runners sent out by these vines last year reached the unusual length of 30 feet.

T. P. Ames of Napa, who recently purchased two lots at Montara, is having plans prepared for a handsome cottage which will be erected this spring.

The new cottage of Mr. Fairburn at Montara was completed last week and is now occupied by the family.

Prof. Croop, who for a number of years had been at the head of the Halfmoon Bay grammar schools, has been elected principal of the high school at that place to succeed Prof. W. R. Anderson, who recently resigned. For the present Prof. Croop will have charge of both schools.

Congregational Church Service. Services of the Congregational church Sunday will be as follows: At 10 a. m., Sunday school; 11 o'clock, morning service, subject of sermon, "What is a Christian Life?"

6:30 p. m., Christian Endeavor meeting; 7:30 evening service, topic, "The Ten Virgins." The public is cordially invited.

DOINGS ABOUT THE COUNTY OFFICES

Matters of General Interest to Litigants Culled from the Public Records.

Judge Buck on Thursday granted an interlocutory decree of divorce to Hazel K. Hyatt from her husband, Edgar Hyatt, on the grounds of desertion.

Final Account Filed.

M. F. Duff, executor of the last will and testament of Honora Donnelly, deceased, has filed his first and final account. The account shows the total receipts to be \$3040.95 and the total disbursements \$1114.81, leaving a balance of \$1926.14 of cash in the hands of the executor.

Interlocutory Decree Granted.

Judge Buck has granted a final decree of divorce to Madeline Candiot from her husband, Jean Louis Candiot. The interlocutory decree was granted on November 16, 1911.

Judge Buck has granted a final decree of divorce to Edward Chiochio from his wife, Mary Chiochio. The interlocutory decree was granted on December 5, 1911 on the grounds of wilful desertion.

New Building Contracts.

The following builder's contracts were filed in the recorder's office during the week:

The Higginson Company agrees to erect for Bernard M. Breeden in 75 days, a one-story bungalow at Ahterton on lots 9 and 10, block 25, Fair Oaks Acres for \$3935.

J. H. Keefe Company agree to do the painting on the J. D. Grant residence at Burlingame by April 1st for \$3218. This includes the painting of the gates, etc. on the grounds surrounding the building.

Fred Hang, aged 21, and Annie Hanner, aged 22, both of San Francisco.

Edward G. Piercy, aged 22 and Virginia Holloway, aged 22, both of San Jose.

Appeals to Superior Court.

Papers in the appeal case of John Kyne against J. F. Bello were filed in the Superior Court during the week. The case was tried before Justice Pitcher of the Fourth township and a judgment was rendered in favor of the plaintiff for \$299. According to the complaint a little son of the defendant set fire to some hay belonging to Mr. Kyne, burning upwards of twenty-five tons. The plaintiff brought suit for damages in the sum of \$299 and was allowed that sum by the lower court.

Jury Reduces Charge.

Charles Hurlis, who was charged with the crime of rape committed upon a fourteen year old school girl at Easton on December 2d, last was found guilty by a jury in the Superior Court last Tuesday of simple assault. On Thursday Judge Buck sentenced the defendant to pay a fine of \$250 or an alternative of one day in jail for each \$2 of the fine. As the defendant was unable to secure the money he will have to serve 125 days in the county jail.

New Actions in Superior Court.

Frank P. O'Toole has brought suit in the Superior Court against Johanna G. Johnson, administrator of the estate of Annie O'Toole, deceased, to quiet title to lot 25, block 2, Vista Grande.

Theresa Crampert has commenced an action in the Superior Court against Emilia Radulovics and others to quiet title to lots 7 and 8, block 14, Vista Grande.

Elizabeth Campbell has brought suit in the Superior Court against her husband, Patrick J. Campbell for an interlocutory decree of divorce on the ground of extreme cruelty. The couple were married in August 15, 1904. There is one minor child, James P. Campbell, aged three years, as a result of the marriage. Plaintiff asks for alimony and costs of suit. She also asks to resume her maiden name, Elizabeth McGeary.

New Probate Applications.

Ellen L. Thompson, Henry P. Kreiss and George A. Kreiss have filed the last will and testament of Jane L. Kreiss for probate. The deceased died at Redwood City on January 22, 1912. The estate consists of real estate, money in bank, mortgages, promissory notes and other personal property valued at over \$10,000. The will bears date of March 15, 1911 and the subscribing witnesses are Margaret Kreiss, Lee T. Ross and Geo. C. Ross. The three children, Mrs. Ellen L. Thompson and Henry and George Kreiss are bequeathed one-fourth of the estate each and the two grand children, Lawrence Milton Green and Morrill Willard Green, one-eighth of the estate each. The three children are named as executors and executrix respectively and are to serve without bonds and may dispose of the property as they may deem best without any application to the court for an order. Mrs. Thompson is named by the deceased as the guardian of the estates of the two grand children. Ross & Ross are the attorneys for the petitioners who have applied for letters testamentary.

Arthur H. Lanfear Jr. has applied in the Superior Court for letters of administration upon the estate of Helen Lanfear, who died at Redwood City on October 11, 1911. The estate consists of an undivided half interest in lots

and 8, block 52, Eastern Addition to the Town of Redwood City valued at \$2500. The heirs at law are, Arthur H. Lanfear, husband of the deceased, and James Lanfear, Mary Lanfear, Rose Lanfear, John Lanfear, Helen and Della Lanfear, and Arthur H. Lanfear Jr., children of the deceased. The husband waives his right to administer upon the estate and nominates the petitioner to act for him.

Mrs. Nellie McCarthy has filed the last will and testament of Joseph McCarthy for probate. The deceased died at San Mateo on January 19, 1913. Mrs. McCarthy also petitions the court for letters testamentary thereon. The estate consists of real estate at San Mateo valued at \$7000, a lot at Oakland worth \$3000 and a half interest in seven promissory notes aggregating 14,150, outstanding book accounts amounting to \$300, money in bank amounting to \$733.33 and other personal effects. The total value of the estate is \$21,843.38. The will bears date of August 28, 1905, and by its terms the entire estate is bequeathed to his wife, Nellie McCarthy. The will is a pre-nuptial instrument and by its terms the property is left to his "affiliated wife."

The deceased was engaged in the undertaking business at San Mateo for several years.

Charles H. Mullen has applied in the Superior Court for letters of guardianship upon the person and estate of Daisy Frances Josephine Mullen, a minor. The girl resides with her father, the petitioner, and her estate consists of a certain interest in real property and cash left by her mother. The minor's interest is of an unknown value.

Orders in Superior Court. Estate of Charles C. Bay, deceased. Petition for letters of administration continued to February 6th.

Ira M. Cobe vs. J. Hayden. Trial continued to February 6th.

Hazel K. Hyatt vs. Edgar Hyatt. Interlocutory decree of divorce granted as prayed for.

J. F. Pankewicz vs. Clara Jess, et al. Demurrer of C. A. Jess continued to Feb. 6th.

Fed Pattison vs. N. J. McNamara. Demurrer set for Feb. 13th.

Matilda Malraai vs. Peter Malraai. Judgment for plaintiff quashing title to lot 5 block 119, South San Francisco.

Submits to Delicate Operation. Mrs. W. J. McGarvey underwent a delicate operation at the Columbia Hospital in San Jose last Monday.

The operation was performed by Dr. N. C. Bissell of this city. The anesthetic was administered by Dr. Chapin, also of this city. Mrs. McGarvey has not walked for nearly a year, the bones of her knee joint having virtually ossified. The foreign substances were chiseled out and practically a new joint fashioned. The operation is one of the first of its kind performed on this coast and was done after the theory advanced by Dr. Murphy, the famous Chicago surgeon. From present indications the operation is going to be an unqualified success. Should it prove such Dr. Bissell will have earned a state wide reputation as a surgeon.

Old Romance Ends in Gloom. Mrs. Ella Bean, who, as Ella Shields of Redwood City, furnished San Mateo county with a topic for gossip a quarter of a century ago by her romantic elopement to Fresno with Leon S. Bean, a young contractor, has brought suit for divorce in the San Jose courts this week, charging extreme cruelty.

For some time rumors have been prevalent that an estrangement existed, but as both husband and wife have continued to live at the family home in Palo Alto, no hint was given of the probability of a divorce.

Despite the secrecy maintained by both the complainant and her husband, it is known that Mrs. Bean charges her better half with sudden outbursts of temper. Recently, she says, he hurled a cup at her head and the flying missile struck her above the eyes, inflicting a deep cut. She exhibits a bandaged forehead as she threw the cup only after his wife had poured hot water over him.

Bean has been engaged in the contracting business in Palo Alto for eight years and is said to have amassed a considerable fortune.

Fraternal Aid Installs. At a meeting of the Fraternal Aid Association Thursday night, the following officers were installed by Past President Chas. Cook of San Francisco: President, Selma Lockwood; vice president, Mary E. Reed; past president, Chas. T. Cook; secretary, Martha George; treasurer, Dora Wilson; gold, Mary Winter; observer, E. O. Rhodes; sentinel, John Cowell; chaplain, Marie Lipp, medical examiner, Dr. Taggart, trustee, W. H. Lipp Jr.; musician, Dollie Jamieson. After the installation refreshments were served and the rest of the evening was devoted to card playing.

GRAND JURY MAKES ITS FINAL REPORT

Many County Officials Receive Compliments at Hands of Public Inquisitors

NEW TAX RECEIPTS APPROVED

Conduct of the Offices of Recorder, Tax Collector, Assessor and Clerk are Commended

Wednesday afternoon the Grand Jury delivered its report to Judge Buck and was discharged.

The report is a very complete one and goes into the affairs of the county very thoroughly. The expert's report is an exhaustive document, dealing with the affairs of every county officer. It contains a large volume of figures that are interesting to the taxpayers.

The following is the report of the grand jury proper. "In submitting our report we desire to state that we have diligently and carefully taken up all matters that come within the province of the grand jury, either of a civil or criminal nature, and our suggestions, recommendations and criticisms as to civic conditions and their betterment are based on a general and specific knowledge of said conditions reinforced with a complete and accurate statement of the county's receipts and its expenditures for the year 1912, as compiled by the Grand Jury Expert, L. Q. Haven, employed by and under the direction of the jury, which statement is hereby referred to and made a part of the report submitted and designated 'Report of the Finance Committee.'

"In connection herewith we wish to report that while practically all expenditures may be termed legal, or at least protected by some authority, ordinance or contract, that may be constructed to fit the claim or claims filed against the various county funds, nevertheless if there is any evidence of economy or business methods in the expenditures of a large portion of the county funds we fail to discover the same. This applies particularly to the General Fund, Salary Fund, Indigent fund, and the various Road districts, against all of which claims are allowed and paid without the slightest check as to quality or quantity of supplies, materials or implements furnished, labor performed or services rendered or prices paid, save that as regards prices they seldom fall below the maximum and in many instances are in excess thereof.

In addition to the above, clerical errors are frequent, resulting in over and under charges with an occasional duplicate claim by way of variety. The above system or rather lack of system, is in a large measure responsible for the constantly increasing tax rate regardless of increased valuations, and in addition thereto is the principal cause of warrant discounting period each year that occurs with a regularity more reliable than the seasonal changes and results in financial loss at least to the holders of claims, against funds exhausted by reckless and uncalled for outlays, who are compelled to discount the same.

We make no claims as to originality or prior discovery in reporting the discoveries here referred to as reference to reports of previous grand juries now on file show practically a similar condition and leads to the conclusion that the action of the grand juries goes no further than recommendations and suggestions, tending to economic and business methods in the expenditures of the county funds and are not taken seriously by the parties entrusted with the same.

In conclusion we will state that we are aware of the difficulties that attend the economical and businesslike expenditures of the county funds under the existing laws and conditions. We are also convinced that an honest and energetic effort to do so, coupled with definite results, would rebound to the financial and political credit of San Mateo county."

The expert has this to say concerning the poor farm:

"The cost of maintaining the poor farm, you will note, was \$12,718.48, from which must be deducted the sales turned into the county treasurer which amounted to \$595.95, and to this must be added the salary of the superintendent and the cost of the physician which would be \$13,322.53. I am advised that the inmates at the farm for last year average 32 persons, so the average cost would then be \$36.00 per inmate per month. This seems excessive and out of proportion when you consider that outside indigents receive only \$7 or \$8 per month."

The expert complains that the system of keeping books in the auditor's office is obsolete; but he pays a glowing tribute to the ability and intelligence of the deputy auditor, Miss Alice Holden, for the manner in which she conducts her work.

The expert has this to say concerning the Board of Supervisors:

"I beg to make mention of the methods pursued by the board of supervisors in handling the county funds. On Monday, January 6th, 1913, I witnessed the proceedings of the board of supervisors and the following is the manner in which claims were passed:

At the afternoon session the claims were, by the clerk of the board of supervisors, read off and

numbered by him and then passed to the chairman of the board of supervisors who affixed his rubber stamp to these claims as chairman of the board. While in the act of so doing and while the claims were being read, the other four members of the board were in one corner of the room discussing other matters and had no knowledge nor did they note in any way, shape or manner upon the passing of these claims for payment.

"I would also call your attention to the fact that none of the claims in the several road districts bear any identification of having been examined and approved by any auditing committee, and in many instances I have seen claims, now paid and filed, that have been passed by the board without any signature to show who authorized or approved the payment of said claim.

The claims against the General fund and indigent fund bear the signatures showing that they have been examined and approved by the auditing committee, even though the said claims may be for payment of monies for bridge or culvert work that may be in the road district that none of the Finance of Auditing committee have any knowledge of that particular work for which payment is to be made.

The custom prevails of using a rubber stamp facsimile signature in approving claims and when this matter was brought to the attention of the district attorney, he has rendered an opinion that the stamp signature is legal, and cited cases to sustain his opinion; but in citing these cases only brings to view cases that do not pertain to the payment of monies, and as this is a serious matter, particularly so when you consider that any of these facsimile stamps can be easily duplicated by any person who may desire to take advantage of this loose method."

The grand jury commends Judge Buck for his watchfulness of the tax payers' interests, as regards the spending of county funds.

The grand jury also finds that the sheriff's bills for automobile hire seem excessive, but are legal under the law.

The grand jury recommends that telephone booths be installed on each floor of the courthouse for the benefit of the public.

The jury criticizes the amount that was spent for telephones in 1912 by the various officials. The sum being \$25,332.

The grand jury recommends that the salaries of the various officials be fixed as follows by the present legislature:

County clerk \$3000, with an additional clerk at \$100 per month.

Sheriff's office, salary \$4500 per year, chief deputy \$1800, deputy sheriff and jailor \$900.

District attorney, salary \$3000 per year, deputy \$1500, stenographer \$900.

Assessor salary \$2000, deputy \$900, seven deputies three months each year \$150 a month each.

Treasurer salary \$3000, deputy treasurer \$1200.

Tax collector salary \$3000, two deputies \$900 per year each.

Two extra deputies four months each year \$75 per month. Recorder's salary \$3000, 2 deputies \$800 per year. Copyists 6 cents per folio, to be paid by the county monthly.

County surveyor salary \$2000 per year, chief deputy \$1500.

Auditor salary \$3000 per year, deputy \$900.

Superintendent of schools \$3000.

According to the expert's report the following fees were collected by the justices of the peace of the county for 1912: P. E. Lamb \$900 H. W. Lampkin \$3998.50, E. C. Johnson \$275, A. W. Woodhams \$75 John F. Davis \$685, J. McCormick \$640.

The expert makes the following criticism:

Courthouse and Grounds

"It would seem from a close observation of the segregated cost of operating the courthouse and grounds that very little attention is given to its management. Your janitor, watchman, and gardener do not seem to have any regular or specified hours, and even though your courthouse is supposed to be fireproof there is always danger of fire, and I would suggest that a clock system be installed for the watchman, and recommend that the sheriff's office keep record of the clock."

The night watchman particularly should have some check placed on him as I have heard that it is not an uncommon occurrence to go into the courthouse at night, say any time after 11 o'clock and find that there is no one within the building. In fact, it has been stated to me that the watchman sometimes is not at the building at all during nights. If a clock system was installed you would have a positive assurance that the watchman is always on duty and with a proper watchman clock installed your insurance rate will be somewhat reduced."

The expert throws bouquets at the officials but particularly mentions Tax Collector A. McSweeney for efficiency and care of his office. The new system of tax receipts installed by the tax collector last year is highly commended. County Recorder H. O. Heiner is also mentioned for the efficient manner in which he conducts his office. Assessor C. D. Hayward comes in for a fine compliment for the careful way in which the affairs of the assessor's office are conducted.

The expert makes the following comment concerning the sheriff's office:

"I would direct your attention to the various warrants wherein the sheriff has charged the county mileage for bringing a prisoner from the county jail to the courthouse, both located in Redwood City. Also to the fact that no railroad fare is charged by the sheriff in pursuit of criminals, but that mileage of 25 cents per mile is charged

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say.

Dutch Card Party.

Mrs. N. C. Cummings as a card hostess at her home on Saturday afternoon, very cheerily entertained a dozen of her friends at a Dutch party. On arriving each guest was presented with a Dutch cap and apron and wooden shoes, these additions to their costumes being worn throughout the afternoon. Dutch whist was the game and it furnished much amusement. Miss Sallie Nelson proved a skillful player and was awarded a pretty prize, while Mrs. O. M. Carrington drew the consolation offering, a can of Dutch cleanser.

Will Appeal to Wealthy Residents.

If William H. Crocker, Eugene J. de Sable Jr., Henry T. Scott, James L. Flood, Charles W. Clark and a few other local millionaires will reach in their pockets and buy up enough State highway bonds for the purpose, San Mateo county may get its portion of the road system completed without further delay. This plan for expediting work under the \$18,000,000 bond issue originated in Stanislaus county and it is gaining favor with public spirited citizens here.

Mrs. Lizzie Chaves of this city has a most industrious hen. Every day it lays an egg and sometimes two. Monday this remarkable hen exceeded all previous records by laying two soft-shelled eggs, which were joined together, each being a perfect egg, excepting the shell. Both weighed five ounces.

HOW TO RESIST

Chronic Coughs and Colds.

Strong, vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your strength again?

Mrs. Olivia Parham, of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years, and the cough not only disappeared, but it built up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood-building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time if Vinol does not do all we say.
